

Saturday June 4, 2016 1:00pm.

Official Announcement from the CSSRA Board of Directors regarding this years Championships Statement for the CSSRA 2016 Sunday Finals.

After much deliberation and discussion regarding the predicted weather patterns for tomorrow, June 5, 2016, the Board of the CSSRA have decided to change the start time of the final day of races.

Weigh-ins will be open from 5:30 am. until 7:00 am.

The first race of the day will be at 7:00 am. Crews will not be called to the water. All crews can launch 30 thirty minutes before their race time.

Races will run at 6 minute centres and will continue until the schedule is completed or the weather is no longer safe for rowing. Races will not be held for crews that are hot seating. Races will be started on time.

The weather will be monitored continuously throughout the regatta.

Medal presentations for all races will occur after all racing is completed. Presentations will occur at the dock area. Student athletes receiving medals must be in their school racing uniform as a photograph for their school will be taken at that time.

The Volunteer Brunch will begin at 12:00 p.m. at Alumni Club House.

Thank you for working together to ensure the final races of the 71st CSSRA Championships are exciting and competitive for our student athletes!
